**MASTER OF ARTS PHILOSOPHY**

The Department of Philosophy offers MA (with or without thesis) and PhD programs in Philosophy. The programs are offered in English and French. According to the University's policy, students may pursue their studies in the official language of their choice.

The Department participates in the collaborative programs in Women's Studies (at the MA level), in Medieval and Renaissance Studies (at the MA level) and in Canadian Studies (at the PhD level).

The programs are governed by the general regulations (http://www.grad.uottawa.ca/Default.aspx?tabid=1807) in effect for graduate studies.

**Admission Requirements**

For the most accurate and up to date information on application deadlines, language tests and other admission requirements, please visit the specific requirements (http://www.uottawa.ca/graduate-studies/programs-admission/apply/specific-requirements) webpage.

To be admitted to the MA program a candidate must have an honours BA in Philosophy (or the equivalent) with a minimum "B" average. The Department reserves the right to impose a preliminary examination.

Candidates lacking the necessary background may be admitted to a qualifying program.

An application dossier must include official transcripts and two letters of recommendation. For the master’s with thesis, the dossier must also include a description of the intended field of research, and a sample of written work in philosophy (15-25 pp.).

**Language Requirements**

Proficiency in both French and English is strongly encouraged so that students may take advantage of the full range of activities — lectures, personal contacts, and courses — available in the Department (graduate courses are normally not duplicated in the two languages).

In accordance with the University of Ottawa regulation, students have a right to produce their work, their thesis, and to answer examination questions in French or in English.

**Program Requirements**

An accelerated route leading from the MA program into the PhD program is available (see PhD Program).

**Master's with Thesis**

The MA program with thesis consists of 4 (one-term) courses, an approved thesis project, and a thesis, including defence.

**Note(s)**

1. MA candidates must also complete a proficiency requirement in the second official language. This requirement can be completed in one of three ways:
   - Passing (50%) the FLS 1000 exam; OR
   - Completing 6 units of FLS courses at your level (as determined by the Official Languages and Bilingualism Institute); OR
   - Successfully completing a Philosophy graduate seminar given in French. (N.B. As per University regulations, students may write examinations and papers in the official language of their choice.)

**Master's with Coursework**

The MA program without thesis consists of 8 (one-term) courses.

**Note(s)**

1. In exceptional cases, students may take one course in another department.

2. MA candidates must also complete a proficiency requirement in the second official language. This requirement can be completed in one of three ways:
   - Passing (50%) the FLS 1000 exam; OR
   - Completing 6 units of FLS courses at your level (as determined by the Official Languages and Bilingualism Institute); OR
   - Successfully completing a Philosophy graduate seminar given in French. (N.B. As per University regulations, students may write examinations and papers in the official language of their choice.)

**Duration of Program**

Students are expected to fulfill all requirements within two years. The maximum time permitted is four years from the date of initial enrollment in the program.

**Minimum Standards**

The passing grade in all courses is C+. Students who fail two courses (equivalent to 6 units) must withdraw from the program.

**Research**

**Research Fields & Facilities**

Located in the heart of Canada’s capital, a few steps away from Parliament Hill, the University of Ottawa is among Canada’s top 10 research universities.

uOttawa focuses research strengths and efforts in four Strategic Areas of Development in Research (SADRs):

- Canada and the World
- Health
- e-Society
- Molecular and Environmental Sciences
With cutting-edge research, our graduate students, researchers and educators strongly influence national and international priorities.

Research at the Faculty of Arts

The Faculty of Arts is proud of the state of the art research conducted by its professors. In the spirit of showcasing its research to the university community as well as to the general public, the Faculty has created three activities: Dean's Lecture Series, Treasures of the Library, and Excellence Lectures.
