This program allows students to receive two degrees, a BSc and a BED. While studying science, students can also be introduced to the field of education by taking PED courses. To meet Ministry of Education requirements, students who wish to teach science or mathematics must complete a minimum of 30 units in their first option (an area of science) and at least 12 units in their second option (science or humanities).

This program is offered in French only.

**Program Requirements**

Students admitted to the integrated B.Sc spécialisé en sciences/B.Éd (cycles intermédiaire/supérieur) program must follow two faculties’ regulations: when they are registered for Faculty of Science courses, they must follow that faculty’s regulations, while when they are registered for Faculty of Education courses, the Faculty of Education’s regulations take precedence. Students must pass a language proficiency test to register for Faculty of Education courses, although you can register for optional PED courses. The test is administered during the second term of first year. If you fail it, you can write a supplemental test in the second term of second year. If you fail the test, you are only entitled to write one supplemental test.

This program is currently under revision. At this time, we are not accepting applications.

**B.Sc. spécialisé en sciences**

Composed of a major in biology, chemistry, mathematics or physics, and one of the following three options:

**Option 1:**
- A major or minor in science (biology, chemistry, mathematics, physics)
- and 12 course units in humanities

**Option 2:**
- A minor in computer science
- and 12 course units in humanities

**Option 3:**
- A major or minor in the humanities
- and 0-12 elective course units

6 course units from:

- PED 2507 Réalités scolaires actuelles
- PED 2508 La relation pédagogique
- PED 2727 Problématique de l'enseignement des mathématiques
- PED 3505 La problématique de l'enseignement de la langue française en milieu minoritaire en Ontario
- PED 3705 École, famille et communauté

**Formation à l'enseignement - cycles intermédiaire/ supérieur (36 units):**

| PED 3514 | Stage I activités d'apprentissage de l'enseignement et séminaires d'intégration | 3 Units |
| PED 3519 | Société et système scolaire franco-ontarien | 3 Units |
| PED 3717 | Impact des technologies de l'information et des communications en éducation | 3 Units |
| PED 3718 | Apprentissage et évaluation au cycle supérieur | 3 Units |
| PED 3719 | Gestion de classe et différenciation pédagogique aux cycles intermédiaires supérieurs | 3 Units |
| PED 3729 | Enseignement au secondaire | 3 Units |
| PED 4514 | Stage II activités d'apprentissage de l'enseignement et séminaires d'intégration | 3 Units |

3 course units from:

- PED 3703 Enseignement religieux catholique au cycle intermédiaire | 3 Units
- PED 3704 L’éducation aux valeurs en milieu scolaire

**Teaching Subjects:**

- 12 course units from the list of teaching subjects | 12 Units

**Total:** 156 Units

**Note(s)**

1. Anyone who does not achieve a passing grade in the language proficiency test is automatically registered in PED 1599 by the Faculty. Units for this course are in addition to the regular program requirements.
2. Students who choose two science teaching subjects must take PED 2728.
3. For more information, see the Faculty of Education calendar (http://www.uottawa.ca/academic/info regist/1415/annuaires programmes/903.html) or speak to a Faculty of Science academic advisor.
