

GRADUATE DIPLOMA PUBLIC MANAGEMENT AND GOVERNANCE

The program is under review. Therefore, we will not admit students until further notice.

The primary aim of the graduate diploma is to provide students with both a strong conceptual foundation for understanding and analyzing problems of governance and an effective tool-kit of skills and techniques required to operate in an increasingly complex managerial and organizational environment.

Governance is about effective coordination and decision-making in a world where knowledge and power are increasingly distributed. In this perspective, governance challenges are increasingly important to public, private and civic organizations – both within such organizations and across them.

This program was created for students who wish to increase their skills and knowledge in public management by adding an interdisciplinary dimension via courses from the Telfer School of Management and the School of Political Studies.

Admission Requirements

The program is under review. Therefore, we will not admit students until further notice.

For the most accurate and up to date information on application deadlines, language tests and other admission requirements, please visit the specific requirements (<https://www.uottawa.ca/graduate-studies/programs-admission/apply/specific-requirements/>) webpage.

Candidates must meet the normal requirements for admission in a master's level program at the University of Ottawa (namely, an honour's baccalaureate degree, or its equivalent, with at least second class "B" standing from a recognized post-secondary institution). Advanced standing for up to 4.5 units will be given to qualified students in recognition of comparable studies as determined by the Program Committee. To be eligible, the units in question must not have counted towards the requirements of a previously conferred diploma or degree.

Candidates are required to submit a resume as well as a narrative statement. In the narrative statement, we recommend that they identify and explain the reasons why this program is of interest to them, and highlight elements of their current or past professional experience (paid or voluntary) that may have given them some insights or sparked interest in public management and/or governance. The candidates may also wish to identify what they hope to gain from the diploma in terms of learning and/or endeavors that they believe the diploma will better position them to undertake. The statement should be between 300 and 500 words in length.

A maximum of three units in equivalencies or advanced standing may be granted. Candidates who have already successfully completed some of the compulsory units may be allowed to replace those units with elective units. For details, consult section B.2.7. of the general regulations in effect for graduate studies.
