DOCTORATE IN
PHILOSOPHY
PHILOSOPHY
SPECIALIZATION IN
CANADIAN STUDIES

The Department of Philosophy offers MA (with or without thesis) and PhD programs in Philosophy. The programs are offered in English and French. According to the University's policy, students may pursue their studies in the official language of their choice.

The Department participates in the collaborative programs in Women's Studies (at the MA level), in Medieval and Renaissance Studies (at the MA level) and in Canadian Studies (at the PhD level). For more information on these programs, see “Admission Requirements.”

Because of its strength in relevant areas, its bilingual character and its location in the national capital, the University of Ottawa is uniquely positioned to offer a collaborative program leading to a specialization in Canadian Studies at the doctoral level. The program is especially designed for doctoral students in selected programs in the humanities and the social sciences who wish to enrich their training in a particular discipline by including an interdisciplinary component.

The programs are governed by the general regulations (http://www.grad.uottawa.ca/Default.aspx?tabid=1807) in effect for graduate studies.

Admission Requirements

For the most accurate and up to date information on application deadlines, language tests and other admission requirements, please visit the specific requirements (https://www.uottawa.ca/graduate-studies/programs-admission/apply/specific-requirements) webpage.

Admission Requirements

Candidates are admitted to the PhD on the basis of an MA in Philosophy with a minimum "B+" average.

An application dossier must include official transcripts, two letters of recommendation, a description of the intended field of research, and a sample of written work. For candidates wishing to enter the PhD without an MA the application dossier must include a detailed statement of research plans.

Language Requirements

Proficiency in both French and English is strongly encouraged so that students may take advantage of the full range of activities — lectures, personal contacts, and courses — available in the Department (graduate courses are normally not duplicated in the two languages).

Collaborative Program

The Department of Philosophy is a participating unit in the collaborative program in Canadian Studies at the PhD level. This program has been established for students wishing to enrich their training in Philosophy by including an interdisciplinary component in Canadian Studies. The seminar (CDN 6520 or CDN 6910) fits into the departmental course requirements and does not add to the number of courses required for the PhD in Philosophy.

To be admitted to the program, students must be enrolled in, or have successfully completed, at least one graduate course in Philosophy with Canadian content. The mention "Specialization in Canadian Studies" will be added to the diploma of students who pass the seminar (CDN 6520 or CDN 6910) and successfully defend a thesis on a Canadian topic in Philosophy.

Transfer from Master's to PhD

In addition, for those enrolled in the MA in Philosophy, the Department offers an accelerated entrance to the PhD after completing, with a minimum "A" average, six courses and a major research paper; normally these requirements can be fulfilled within twelve months. Students accepted into the PhD by this accelerated route do not require an MA. Please note that the minimal admission average requirements for the doctoral program must also be met.

Program Requirements

Doctorate with Collaborative Specialization

The PhD program consists of six (one-term) courses, a comprehensive exam, a thesis project, and a thesis, including defence.

Students enrolled in the collaborative program will be asked to meet both the requirements of their primary program and those of the collaborative program. The units completed for the specialization in Canadian Studies count also towards the primary degree in Philosophy. Additional units are not required.

| Compulsory Courses (PHI): | 15 elective course units in philosophy (PHI) at the graduate level | 15 Units |
| Compulsory Courses (CDN): | 3 course units from: | 3 Units |
| CDN 6520 Séminaire sur la francophonie canadienne | 2 |
| CDN 6910 Seminar in Canadian Studies |
| Comprehensive Examination: | PHI 8998 Candidacy Examination (PhD) |
| Thesis Project: | PHI 8999 Directed Research (PhD) |
| Thesis: | THD 9999 Doctoral Thesis | 3 |

Note(s)
Doctoral candidates must also complete a proficiency requirement in the second official language. This requirement can be completed in one of three ways:

- Passing (50%) the FLS 1000 exam; OR
- Completing 6 units of FLS courses at your level (as determined by the Official Languages and Bilingualism Institute); OR
- Successfully completing a Philosophy graduate seminar given in French. (N.B. As per University regulations, students may write examinations and papers in the official language of their choice.)

Doctoral students must have sufficient mastery of languages to complete their research project; that is, they must be capable of studying texts in the original language and be able to check translations.

CDN 6520 is offered only in French.

Submission and successful defence of a thesis on a Canadian topic in the participating unit. The proposed topic must be approved by both the participating unit and the Canadian Studies Graduate Committee. At least one of the examiners of the thesis must be a person chosen in consultation with the executive committee of the Institute of Canadian and Aboriginal Studies.

Minimum Standards

The passing grade in all courses is C+. Students who fail two courses (equivalent to 6 units), the thesis proposal, or whose research progress is deemed unsatisfactory are required to withdraw.

Duration of Program

The program is designed to be completed in four years. The maximum time permitted is six years, or seven years in the case of transfer students.

Thesis Advisory Committee

For information on the Thesis Advisory Committee, please consult the graduate studies secretariat of the Department of Philosophy.

Research

Research Fields & Facilities

Located in the heart of Canada’s capital, a few steps away from Parliament Hill, the University of Ottawa is among Canada’s top 10 research universities.

uOttawa focuses research strengths and efforts in four Strategic Areas of Development in Research (SADRs):

- Canada and the World
- Health
- e-Society
- Molecular and Environmental Sciences

With cutting-edge research, our graduate students, researchers and educators strongly influence national and international priorities.

Research at the Faculty of Arts

The Faculty of Arts is proud of the state of the art research conducted by its professors. In the spirit of showcasing its research to the university community as well as to the general public, the Faculty has created three activities: Dean’s Lecture Series, Treasures of the Library, and Excellence Lectures.

Facilities, Research Centres and Institutes at the Faculty of Arts

For more information, refer to the list of faculty members and their research fields on Uniweb.

IMPORTANT: Candidates and students looking for professors to supervise their thesis or research project can also consult the website of the faculty or department (https://www.uottawa.ca/graduate-studies/students/academic-unit-contact-information) of their program of choice. Uniweb does not list all professors authorized to supervise research projects at the University of Ottawa.
