DOCTORATE IN PHILOSOPHY

PHILOSOPHY

The Department of Philosophy offers MA (with or without thesis) and PhD programs in Philosophy. The programs are offered in English and French. According to the University's policy, students may pursue their studies in the official language of their choice.

The Department participates in the collaborative programs in Women's Studies (at the MA level), in Medieval and Renaissance Studies (at the MA level) and in Canadian Studies (at the PhD level).

The programs are governed by the general regulations (http://www.grad.uottawa.ca/Default.aspx?tabid=1807) in effect for graduate studies.

Admission Requirements

For the most accurate and up to date information on application deadlines, language tests and other admission requirements, please visit the specific requirements (https://www.uottawa.ca/graduate-studies/programs-admission/apply/specific-requirements/) webpage.

Admission Requirements

Candidates are admitted to the PhD on the basis of an MA in Philosophy with a minimum "B+" average.

An application dossier must include official transcripts, two letters of recommendation, a description of the intended field of research, and a sample of written work. For candidates wishing to enter the PhD without an MA the application dossier must include a detailed statement of research plans.

Language Requirements

Proficiency in both French and English is strongly encouraged so that students may take advantage of the full range of activities — lectures, personal contacts, and courses — available in the Department (graduate courses are normally not duplicated in the two languages).

Transfer from Master's to PhD

In addition, for those enrolled in the MA in Philosophy, the Department offers an accelerated entrance to the PhD after completing, with a minimum "A" average, six courses and a major research paper; normally these requirements can be fulfilled within twelve months. Students accepted into the PhD by this accelerated route do not require an MA. Please note that the minimal admission average requirements for the doctoral program must also be met.

Program Requirements

Doctorate

The PhD program consists of six (one-term) courses, a comprehensive exam, a thesis project, and a thesis, including defence.

Second Language Proficiency Requirement

Doctoral candidates must also complete a proficiency requirement in the second official language. This requirement can be completed in one of three ways:

- Passing (50%) the FLS 1000 exam; OR
- Completing 6 units of FLS courses at your level (as determined by the Official Languages and Bilingualism Institute); OR
- Successfully completing a Philosophy graduate seminar given in French. (N.B. As per University regulations, students may write examinations and papers in the official language of their choice.)

Doctoral students must have sufficient mastery of languages to complete their research project; that is, they must be capable of studying texts in the original language and be able to check translations.

Minimum Standards

The passing grade in all courses is C+. Students who fail two courses (equivalent to 6 units), the thesis proposal, or whose research progress is deemed unsatisfactory are required to withdraw.

Duration of Program

The program is designed to be completed in four years. The maximum time permitted is six years, or seven years in the case of transfer students.
