DOCTORATE IN PHILOSOPHY
TRANSLATION STUDIES

The School of Translation and Interpretation (STI) offers graduate programs leading to the degrees of Master of Arts in Translation Studies (MA), Master in Conference Interpreting (MCI) and Doctor of Philosophy (PhD) in Translation Studies.

Doctoral Program

The primary objective of the doctoral program in translation studies is to produce qualified scholars in the field for academic teaching and research.

The doctoral program will focus on:

- Theories, history and pedagogy of translation as inter-lingual and intercultural communication.
- Lexicology, terminology, and technologies as applied to translation.

Since translation is interdisciplinary, the doctoral program may collaborate with disciplines in other units such as Law, English, Canadian Studies, French, Modern Languages and Literatures, Linguistics, Philosophy, as well as the School of Information Technology and Engineering (SITE). However, the administration of the program is the sole responsibility of the School of Translation and Interpretation.

This full-time program consists of four courses, a comprehensive exam, and a thesis.

The department participates in a collaborative program in Canadian Studies at the PhD level.

Languages

Most seminars are bilingual, that is, they may be conducted in French or English. The student’s research may be conducted not only on French and English, but also on a third language, subject to the conditions stipulated under “Additional Requirements”.

The programs are governed by the general regulations (http://www.grad.uottawa.ca/Default.aspx?tabid=1807) in effect for graduate studies.

Admission Requirements

For the most accurate and up to date information on application deadlines, language tests and other admission requirements, please visit the specific requirements (https://www.uottawa.ca/graduate-studies/programs-admission/apply/specific-requirements/) webpage.

MA in Translation Studies or equivalent, with a minimum average of B+ (75%). Applicants are required to submit a one- or two-page summary of their proposed research project. Applicants are also required to respond to a questionnaire concerning their background preparation.

Students with a master’s containing a translation component but which is not equivalent to a master’s in translation studies may be considered for admission at the master’s level, with the possibility of transferring into the doctoral program after four courses, if they obtain an average of A- (80%).

Transfer from Master's to PhD

In exceptional circumstances, it is possible to transfer from the MA program at the School of Translation and Interpretation (STI) directly into the PhD program under the following conditions:

- Completion of the 3 mandatory MA courses, plus one more MA course, with a grade of A (85%) in each course;
- Completion of a 40-page research paper (TRA 7998) under the supervision of a professor who is the potential PhD thesis supervisor;
- Written recommendation for transfer from the supervisor of the paper and from the Graduate Studies Committee.

The transfer must take place within sixteen months of initial enrollment in the master’s. Students permitted to transfer will complete a total of 8 courses (24 units), 6 courses while enrolled in the master’s and 2 while enrolled in the PhD. Following transfer, the following requirements must be met: 2 courses (6 units), the comprehensive exam, the thesis proposal and the thesis.

Language Requirements

Students must meet one of the following requirements:

- Proficiency in English and French. Knowledge of a third language will be an asset.
  or
- Proficiency in English and another language. In this case, a good passive knowledge of French is required.
  or
- Proficiency in French and another language. In this case, a good passive knowledge of English is required.

The School of Translation and Interpretation (STI) reserves the right to test the linguistic knowledge of applicants.

Admission Procedure

Applications for admission are reviewed by the Graduate Studies Committee of the School of Translation and Interpretation, and must also meet the general requirements in effect for graduate studies. In addition to completing our on-line application and paying the application fee to the Ontario Universities’ Application Centre, students must also assemble all relevant documentation and forward the complete application package to the director of the School of Translation and Interpretation. Applications will not be processed without the application fee and the complete file.

To find the application deadline, please check the “program-specific requirements” under Application Procedures and Information at the following address: www.grad.uottawa.ca/apply (http://www.grad.uottawa.ca/apply/).

Program Requirements

Requirements for this program have been modified. Please consult the 2017-2018 calendars (http://catalogue.uottawa.ca/en/archives/) for the previous requirements.

Research

Research Fields & Facilities
Located in the heart of Canada's capital, a few steps away from Parliament Hill, the University of Ottawa is among Canada's top 10 research universities.

uOttawa focuses research strengths and efforts in four Strategic Areas of Development in Research (SADR):

- Canada and the World
- Health
- e-Society
- Molecular and Environmental Sciences

With cutting-edge research, our graduate students, researchers and educators strongly influence national and international priorities.

Transfer from Master's to PhD
The transfer must take place within 16 months of initial enrollment in the master's. Students permitted to transfer will complete a total of 8 courses (24 units): 6 courses while enrolled in the master's and 2 while enrolled in the PhD. Following transfer, the following requirements must be met: 2 courses (6 units), the comprehensive exam, the thesis proposal and the thesis.

Minimum Standards
The passing grade in all courses is C+. Students who fail two courses (equivalent to 6 units), the thesis proposal, or whose research progress is deemed unsatisfactory are required to withdraw.

Duration of the Program
Students are expected to complete all requirements within four years. The maximum time permitted is six years from the date of initial enrollment in the program.

Thesis Advisory Committee (TAC)
During the first term of the program, a thesis advisory committee (TAC) is formed for the candidate. The Committee's membership will be determined by the specific interests of the candidate. It will be composed of the supervisor and 2-3 additional professors. At least one member of the thesis committee, in addition to the supervisor, must be from the Faculty of Arts. The TAC is responsible for guiding the student throughout the program, including course selection, the comprehensive examination, thesis proposal, and thesis defense.

A meeting between the student and the Thesis Advisory Committee will take place at least once per term. The thesis examining board may include members who are not part of the TAC.
