GRADUATE DIPLOMA
SCIENTIFIC MANAGEMENT
AND LEADERSHIP

The Graduate Diploma in Scientific Management and Leadership is
offered by the Telfer School of Management. The Graduate Diploma
is open to students already enrolled in the participating MSc or
PhD programs in the Faculty of Science. To receive the diploma, the
requirements of both the primary program and of the diploma must be
met. Both credentials are awarded simultaneously. The compulsory
diploma courses are offered in English and in French. The optional
courses are available in sufficient number in both languages to allow
a student to complete all the diploma requirements in either English or
French.

In accordance with the University of Ottawa regulation, students
have a right to produce their assignments, their thesis, and to answer
examination questions in French or in English.

Students who have completed the graduate diploma as well as their
MSc or PhD are eligible to apply to another program offered by the Telfer
School Management. The Admissions Committee of that program will
determine whether some or all of the credits successfully completed for
the diploma can be transferred.

Participating Programs
• Biology (MSc/PhD)
• Chemistry (MSc/PhD)
• Earth Sciences (MSc/PhD)
• Mathematics (MSc/PhD)
• Physics (MSc/PhD)

Admission Requirements
For the most accurate and up to date information on application
deadlines, language tests and other admission requirements, please visit
the specific requirements (https://www.uottawa.ca/graduate-studies/
programs-admission/apply/specific-requirements/) webpage.

Applicants at the master’s level must apply for admission to the diploma
at the same time as for the MSc program or, at the latest, towards the
end of their first term of enrollment in the master’s. Applicants at the
doctoral level must apply no later than the beginning of the second year
of enrollment in their PhD program.

All applicants must provide the following:
• A letter outlining their career plans and the relevance of the Diploma
to those plans.
• A plan of study, indicating the proposed schedule for completion of
the requirements of both the diploma and their primary program.
• A letter of support signed by their thesis supervisor and co-signed by
the student’s primary program director.

Language Requirements
Applicants whose first language is other than English and who intend to
take the diploma courses in English must provide one of the following:
• A score of at least 250 (100 Internet-based) on the Test of English as
a Foreign Language (TOEFL), with a score of at least 5 on the Test
of Written English (TWE) and a score of at least 50 on the Test of
Spoken English (TSE).
• A score of at least 7 in at least three of the four International English
Language Testing System (IELTS) tests (Reading, Listening, Writing,
Speaking) and at least 6 in the fourth.
• A score of at least 14 on the CANTEST, with no individual test score
below 4.0, along with a score of 4.5 on the oral component of the test.
• Proof of completion within the last five years, of a previous degree
program in an English or French language university.
• Proof of recent prolonged residence and exercise of a profession in
an English or French speaking country (normally at least four years
over the last six years).

Program Requirements
In addition to the requirements of their primary program of study,
students must successfully complete 9 units of coursework as follows:

Compulsory Courses:
MBA 5235  Management Skills I  1.5 Units
MBA 5236  Leadership and Management  1.5 Units
ADM 6260  Project Management I  1.5 Units
ADM 6261  Project Management II  1.5 Units

Optional Courses:
At least one of:
MBA 5241  Managerial Accounting Information and
Decisions  1.5 Units
MBA 5250  Introduction to Corporate Finance  1.5 Units
At most one of:
MBA 5237  Change Management  1.5 Units
MBA 6262  Entrepreneurship  1.5 Units
MHA 6203  Program Evaluation for Health Care Managers  1.5 Units
MHA 6212
MHA 6215
MHA 6230

Duration of the Program
The requirements of the diploma are normally completed within one year.

Minimum Standards
The passing grade in all diploma courses is C+. Students who fail two
courses must withdraw from the diploma program. Students required to
withdraw from their primary program are automatically withdrawn from
the diploma.

Research
Research Fields & Facilities
Located in the heart of Canada’s capital, a few steps away from
Parliament Hill, the University of Ottawa is among Canada’s top 10
research universities.

uOttawa focuses research strengths and efforts in four Strategic Areas of
Development in Research (SADRs):
• Canada and the World
• Health
• e-Society
• Molecular and Environmental Sciences

With cutting-edge research, our graduate students, researchers and educators strongly influence national and international priorities.

Courses

ADM 6260 Project Management I (1.5 unit)
Project management methods based on standards, including the Guide to Project Management Body of Knowledge (PMBOK) of the Project Management Institute (PMI); project success and stakeholders; project charter and project plan; managing a project throughout its life cycle (identification, design, planning, realization and close-out). Students will have hands-on experience using MS Project.

Course Component: Lecture

ADM 6261 Project Management II (1.5 unit)
Focus on projects that have incomplete and/or unstable requirements such as IT projects or software development projects. Topics covered include: portfolio management; risk management; determining requirements and solutions; quality management; communication management; design methods (Quality Function Deployment, Value Analysis); iterative and adaptive project management; fast tracking and concurrent methods of project management.

Course Component: Lecture

MBA 5235 Management Skills I (1.5 unit)
Development of increased skills and understanding of participant preferences for the management of interpersonal and team-based issues and processes in a work environment. Special focus on diversity and ethics in a team environment. Effective business communications, including skills for delivery of high quality business presentations; exposure to common business software for inclusion in the student’s professional toolbox.

Course Component: Lecture

MBA 5236 Leadership and Management (1.5 unit)
Leadership versus management; participatory leadership; transactional leadership; transformational leadership; reciprocity and mutual influence between leaders and followers; leading up (followership); situational determinants of effective leadership; cross-cultural leadership; virtual leadership. Course delivery involves class discussions, experiential exercises, guest speakers and case studies.

Course Component: Lecture

MBA 5241 Managerial Accounting Information and Decisions (1.5 unit)
This course focuses on the role of the accounting function internal to the organization. It takes a broad view of managerial accounting, introducing students to various costing systems, cost behaviour patterns and cost structures. It demonstrates the use of accounting for the evaluation of product, managerial and divisional performance thus helping students to understand what accounting can do for decision makers and how accounting choices affect decisions. Emphasis on the strategic importance of aligning accounting systems with firm technologies and goals. Current issues in management accounting and internal reporting are discussed.

Course Component: Lecture

MBA 5250 Introduction to Corporate Finance (1.5 unit)

Course Component: Lecture

Prerequisite: MBA 5340

MBA 6262 Entrepreneurship (1.5 unit)
Creating, growing, and sustaining or exiting a new firm in a technology-intensive industry. Issues important to the technology (the scope and nature of technological knowledge and intellectual property protection), financing (seed capital, venture capital, and initial public offerings), and inter-firm relationships (spin-offs, alliances and equity alliances, and acquisitions). The course is practically oriented and will draw upon local expertise to enhance its pertinence and appeal.

Course Component: Lecture

MHA 6203 Program Evaluation for Health Care Managers (1.5 unit)
Provides students with an overview of planning, designing and conducting applied program evaluations, which are applicable in health care organizations and community settings. Topics include: types of evaluations; formulation of evaluation questions; evaluation designs, methodologies, and tools; evaluation results to different stakeholders, and critical appraisal of evaluation research and reports.

Course Component: Lecture
