

MASTER OF ARTS PUBLIC ADMINISTRATION

The School of Political Studies located in the Faculty of Social Science offers graduate programs leading to the Master of Arts (MA) and the Doctorate of Philosophy (PhD) degrees in Public Administration.

The main objective of the master programs is to provide students with leading-edge theoretical and conceptual knowledge to enable them to understand and analyze public administration, as well as equipping them with the know-how and skills necessary for success in a constantly changing organizational environment. Emphasis is placed on the development of research skills.

The MA program aims to familiarize students with critical methods of knowledge production and to develop their capacity for conducting basic and applied research. Furthermore, they will develop the ability to extract from research the learning necessary for undertaking their responsibilities as public managers and policy analysts.

The PhD program aims to prepare students for academic and research careers. The various components of the doctoral program (courses, comprehensive examination, thesis proposal, thesis and defence) are all designed to develop the student's capacity for high level independent research in social sciences.

The programs offer two fields or concentrations in public administration: public management and public policy. These fields are not mutually exclusive, but constitute the two main components of public administration studies.

The MA program is offered both full- and part-time, whereas the PhD program is offered full-time only. The programs are offered in French and English and the use of both languages is encouraged. Students can choose the master's with thesis or the master's with research paper.

Public Administration is a participating unit in the collaborative programs in Women's Studies and in Environmental Sustainability (at the master's level).

The programs are governed by the general regulations (<http://www.grad.uottawa.ca/Default.aspx?tabid=1807>) in effect for graduate studies.

Admission Requirements

For the most accurate and up to date information on application deadlines, language tests and other admission requirements, please visit the specific requirements (<https://www.uottawa.ca/graduate-studies/programs-admission/apply/specific-requirements>) webpage.

Admission to the graduate program in Public Administration is governed by the general regulations in effect for graduate studies.

To be considered for admission, applicants must hold a bachelor's degree with specialization or a major in public administration or in a related discipline with a minimum average of 75% (B+).

MA Program

Students can choose the MA with thesis or the MA with research paper.

Language Requirements

An active knowledge of French and English is essential. All students must successfully complete the course PAP 6502 given in French only and must be able to read texts in French and in English.

Students whose first language is other than French or English must provide proof in their application of their level of competence in these languages. The Public Administration Program reserves the right to conduct an interview and to require a test in either language. If a student's research interests require comprehension of a language other than French or English, the Public Administration Program may require proof of such competency.

In accordance with the University of Ottawa regulation, students have a right to produce their work, their thesis, and to answer examination questions in French or in English.

Program Requirements Master's with Thesis

Enrollment is limited to a maximum of three courses/seminars per term, not including the thesis proposal.

Compulsory Courses:

PAP 6103	Research Methods	3 Units
PAP 6502	Gouvernance démocratique ¹	3 Units

3 course units from:

PAP 6110	Theories of Public Management	
PAP 6111	Theories of Public Policy	

3 elective course units in public administration (PAP) or in other programs at the graduate level 3 Units

Thesis Proposal:

PAP 6998	Thesis Proposal	
----------	-----------------	--

Thesis:

THM 7999	Master's Thesis ²	
----------	------------------------------	--

Note(s)

¹ PAP 6502, offered only in French, is compulsory for all students. Language support is available to those who might need it.

² Presentation and defense of a thesis (THM 7999) based on an original research carried out under the direct supervision of a faculty member of the Department.

Thesis Proposal

Enrollment in the thesis proposal (PAP 6998) should take place as early as possible, ideally in the first term but by the third term at the latest. Students should begin the process of selecting a thesis topic and potential supervisor immediately upon commencing the program. The topic and supervisor are selected in consultation with an adviser and must be registered no later than the end of the second term in the program. Once the topic and supervisor have been chosen, the thesis proposal is prepared with the help of the supervisor.

The defence of the topic, which is the only requirement of PAP 6998, must be completed before the end of the third term of enrollment (preferably earlier). Once the topic has been defended, students are allowed to enroll for the thesis (THM 7999).

The thesis proposal is assessed by a committee, composed of the thesis supervisor and another professor chosen by the professor in charge of graduate studies in public administration in consultation with the student and the thesis supervisor.

Thesis

The thesis (THM 7999) is prepared under the direction of the supervisor and evaluated following submission by a committee of professors proposed by the professor in charge of graduate studies in public administration. It is normally approximately twenty-five thousand words (between 80 and 120 pages).

The thesis must demonstrate the student's capacity for scholarly analysis of a specific subject. It does not have to be an exhaustive study of the kind expected of a doctoral dissertation, but it must display a capacity for rigorous analysis of a specific subject. It is judged as much for its methodological quality as for its contribution to knowledge.

Master's with Research Paper

Enrollment is limited to a maximum of three courses/seminars per term, not including the thesis proposal.

Compulsory Courses:

PAP 6103	Research Methods	3 Units
PAP 6502	Gouvernance démocratique ¹	3 Units
3 course units from:		3 Units
PAP 6110 Theories of Public Management		
PAP 6111 Theories of Public Policy		
9 elective course units in public administration (PAP) or in other programs at the graduate level		9 Units
Research Paper:		
PAP 7998	Research Paper ²	6 Units

Note(s)

¹ PAP 6502, offered only in French, is compulsory for all students. Language support is available to those who might need it.

² Presentation of a research paper based on an original research carried out under the direct supervision of a faculty member of the Department. Enrollment for the research paper is permitted in the second term. The research paper is approximately 12,000 words (50 pages) in length. It is evaluated by the supervisor and by another professor appointed by the professor in charge of graduate studies. Research papers are graded alpha and the grade (the average of both evaluations) appears on the transcript.

Co-op Option

In collaboration with the University of Ottawa's co-op office, a co-op option is offered to a limited number of students in the master's with research paper. This option gives selected students the opportunity to acquire practical work experience by completing two one-term (four months) work placements, normally in the public service.

There are two possibilities within the co-op option. One is to complete the first co-op work placement in the spring term of the first year and the second placement in the winter term of the second year. The other possibility is to complete two consecutive work placements over the spring term of the first year and the fall term of the second year. The eight-month placement enables students to engage in a longer project within the host organization and thus acquire a more valuable work

experience. In both cases, students who enroll in the co-op option will obtain twelve units (six units per work placement) for their work experience and co-op reports. Each work term is graded P/F (Pass or Fail), based on the employer's report and on a written report completed by the student. The student reports will be evaluated by a professor in the program (who also serves as the program's representative on the University's Co-op Committee).

The units awarded for co-op work terms may not be used to obtain equivalences for other courses. In other words, the co-op units are additional to the minimum requirements of the MA degree.

To remain enrolled in the co-op option, students must:

- maintain full-time status;
- maintain a 7.0 grade point average;
- obtain a passing grade for each work term.

Transfer from Master's to PhD

Students enrolled in the master's program with thesis may be allowed to transfer to the PhD program without being required to write a master's thesis. For additional information, please consult the "Admission Requirements" section of the PhD program.

Duration of Program

Full-time students are expected to fulfill all requirements of the master's with thesis and the master's with research paper with co-op option within two years. Full-time students are expected to fulfill all requirements of the master's with research paper (without co-op) within 16 months. The maximum time permitted is four years from the date of initial enrollment in the program, whether full- or part-time.

Minimum Standards

The passing grade in all courses is C+. Students who fail two courses (equivalent to 6 units), the thesis proposal, the research paper, the thesis or whose progress is deemed unsatisfactory are required to withdraw.
