Program Requirements

The integrated lettres françaises et éducation programs meet teacher

candidates’ needs by closely combining education in a discipline with

teacher training. Right from first year, you learn concepts in pedagogy

while receiving a solid grounding in French. What's more, you complete

your first practicum in a school in fourth year, enabling you to understand

issues in teaching and bridging your theoretical knowledge of two

disciplines and classroom practice.

For Bachelor of Education requirements, see the Faculty of Education

calendar.

Grade levels and corresponding divisions:

• Kindergarten to Grade 6 (4 to 12 year olds): Primary/Junior

• Grades 4 to 10 (9 to 16 year olds): Junior/Intermediate

• Grades 7 to 12 (14 to 18 year olds): Intermediate/Senior

Note:

• If you plan to teach in a secondary school, you must take at least 12

units in a second discipline corresponding to a subject you will teach.

To remain in the BEd program, you must pass a French language

proficiency test administered by the Faculty of Education before

Formation à l'enseignement courses begin, that is, before the start of third

year. All students enrolled in the BA/BEd program must write a French

formative test to identify any weaknesses, receive personalized feedback

and address any issues before the formal proficiency test.

• Students admitted into first year must write the formative test in

March of their first year. The proficiency test takes place in March of

their second year.

• Students admitted into second year must write the formative test in

September. The proficiency test takes place in March of that same

year as well.

The Faculty will email you to invite you to register for the test in a

timely fashion. Until then, you must continue to improve your grammar

and writing skills. (For suggestions on courses that can improve your

French skills, please contact the Chair of the Département de français

undergraduate studies committee.)

If you are admitted into one of the integrated lettres françaises et

education programs, you must follow the regulations of the two faculties

(Arts and Education).

Special admission conditions: You can only be admitted on a full-time

basis and to the first or second year of the program.

Requirements for this program have been modified. Please consult

the 2015-2016 calendars (http://www.uottawa.ca/academic/info/

regist/1516/calendars/) for the previous requirements.
