B.SC. SPÉCIALISÉ EN SCIENCES/BACCALAURÉAT EN ÉDUCATION - CYCLES INTERMÉDIAIRE/SUPÉRIEUR

This program allows students to receive two degrees, a BSc and a BED. While studying science, students can also be introduced to the field of education by taking PED courses. To meet Ministry of Education requirements, students who wish to teach science or mathematics must complete a minimum of 30 units in their first option (an area of science) and at least 12 units in their second option (science or humanities).

This program is offered in French only.

Program Requirements

Students admitted to the integrated B.Sc spécialisé en sciences/B.Éd (cycles intermédiaire/supérieur) program must follow two faculties' regulations: when they are registered for Faculty of Science courses, they must follow that faculty's regulations, while when they are registered for Faculty of Education courses, the Faculty of Education's regulations take precedence. Students must pass a language proficiency test to register for Faculty of Education Formation à l'enseignement courses, although you can register for optional PED courses. The test is administered during the second term of first year. If you fail it, you can write a supplemental test in the second term of second year. If you fail the test, you are only entitled to write one supplemental test.

This program is currently under revision. At this time, we are not accepting applications.

B.Sc. spécialisé en sciences

120 Units

Composed of a major in biology, chemistry, mathematics or physics, and one of the following three options:

Option 1:

A major or minor in science (biology, chemistry, mathematics, physics)

and 12 course units in humanities

Option 2:

A minor in computer science

and 12 course units in humanities

Option 3:

A major or minor in the humanities

and 0-12 elective course units

6 course units from:

PED 2507  Réalités scolaires actuelles
PED 2508  La relation pédagogique
PED 2727  Problématique de l'enseignement des mathématiques
PED 3505  La problématique de l'enseignement de la langue française en milieu minoritaire en Ontario
PED 3705  École, famille et communauté

Formation à l'enseignement - cycles intermédiaire/supérieur (36 units): 1

PED 3514  Stage I activités d'apprentissage de l'enseignement et séminaires d'intégration 3 Units
PED 3519  Société et système scolaire franco-ontarien 3 Units
PED 3717  Impact des technologies de l'information et des communications en éducation 3 Units
PED 3718  Apprentissage et évaluation au cycle supérieur 3 Units
PED 3719  Gestion de classe et différenciation pédagogique aux cycles intermédiaires supérieurs 3 Units
PED 3729  Enseignement au secondaire 3 Units
PED 4514  Stage II activités d'apprentissage de l'enseignement et séminaires d'intégration 3 Units

3 course units from:

PED 3703  Enseignement religieux catholique au cycle intermédiaire 3 Units
PED 3704  L'éducation aux valeurs en milieu scolaire 3 Units

Teaching Subjects:

12 course units from the list of teaching subjects 2, 3 12 Units

Total: 156 Units

Note(s)

1 Anyone who does not achieve a passing grade in the language proficiency test is automatically registered in PED 1599 by the Faculty. Units for this course are in addition to the regular program requirements.

2 Students who choose two science teaching subjects must take PED 2728.
