

HONOURS BACHELOR OF COMMERCE AND JURIS DOCTOR

This program, which is offered in French, combines the study of commerce and of common law, allowing individuals interested in management and future law professionals to thoroughly understand the issues and analyses involved in these two complementary disciplines. The program allows students to complete the requirements of both programs in six years, equipping graduates with two separate degrees: a Bachelor's degree in Commerce (with possible "French Immersion" mention for non-Francophone students) and a Juris Doctor (J.D.). These degrees allow graduates to write provincial bar exams and practice law anywhere in Canada (except in Quebec).

Program Requirements

Requirements for this program have been modified. Please consult the 2017-2018 calendars (<http://catalogue.uottawa.ca/fr/archives/>) for the previous requirements.

The French immersion is available with the Honours Bachelor of Commerce. The Juris Doctor is offered in French only.

Under the combined program, 60% of all Honours Bachelor of Commerce must be in French.

Commerce (96 units)

Compulsory courses in administration (ADM)
