HONOURS BACHELOR OF COMMERCE (OPTION IN ACCOUNTING) (COMPLEMENTARY OPTION IN ENTREPRENEURSHIP)

The Honours Bachelor of Commerce in Accounting allows students to build a solid foundation in financial and managerial accounting, auditing and taxation. Students not only learn how to produce accurate financial statements, but also study more complex topics in accounting.

As part of their program, students are able to specialize and take all the courses required to apply for Ontario's Certified Professional Accountant (CPA) designation, or to be flexible and take a more general accounting stream.

This program is offered in English and in French.

Bachelor of Commerce and Master of Science Management (Research Project) Pathway

This exciting integrated accelerated bachelor's/master's program allows students to earn two degrees in five years. Designed for students with a strong academic record and a keen interest in conducting business research, this integrated program enables select undergraduate students to get a jump-start in their project-based master's program by completing two graduate courses during their last year of the undergraduate degree, and starting their research project in a familiar environment over the summer bridge term between the bachelor's and master's programs. This integrated program focuses on empowering students to develop their business acumen and research skills in a specialized field of study, and to contribute towards smarter decisions about policy and practice in creating a better Canada.

Program Requirements

The option in accounting allows undergraduate students to build a solid foundation in the accounting discipline, including financial accounting, management accounting and taxation, without leading to the Certified Professional Accountant (CPA) designation.

Co-operative education is available with this program.

The French immersion stream is available with this program.

Requirements for this program have been modified. Please consult the 2018-2019 calendars (http://catalogue.uottawa.ca/en/archives/) for the previous requirements.
