HONOURS BACHELOR OF COMMERCE (OPTION IN HUMAN RESOURCE MANAGEMENT) AND MASTER OF SCIENCE IN MANAGEMENT

Overview

Honours Bachelor of Commerce (Option in Human Resource Management)

In recent years, organizations have increasingly begun to appreciate the strategic importance of adopting a systematic approach to human resource management (HRM). The purpose of this program is to provide an in-depth knowledge of the three HRM functions that have become most critical in organizations: personnel management, industrial relations and organizational behaviour. This program emphasizes both practical and conceptual skills, to enable students to work in all areas of HRM in the private, public, and not-for-profit sectors.

Graduates of this program are well-positioned to succeed in the competitive HR labour market, as the majority of our courses have been accredited by the Human Resources Professionals Association of Ontario (HRPAO). Thus, students who successfully complete the HRM program not only receive a BCom with specialized training in HRM, but also fulfill the academic requirements for Certified Human Resources Professional (CHRP) designation.

This program is offered in English and in French.

Master of Science in Management (Research Project)

This exciting integrated accelerated bachelor’s/master’s program allows students to earn two degrees in five years. Designed for students with a strong academic record and a keen interest in conducting business research, this integrated program enables select undergraduate students to get a jump-start in their project-based master’s program by completing two graduate courses during their last year of the undergraduate degree, and starting their research project in a familiar environment over the summer bridge term between the bachelor’s and master’s programs. This integrated program focuses on empowering students to develop their business acumen and research skills in a specialized field of study, and to contribute towards smarter decisions about policy and practice in creating a better Canada.

This program is offered in English only.

For further information on this Dual Fast-track Degree, please communicate with the Student Services Centre via undergraduate@telfer.uottawa.ca (http://catalogue.uottawa.ca/en/undergrad/honours-bachelor-commerce-option-human-resource-management-master-science-management/undergraduate@telfer.uottawa.ca).

Program Requirements

Honours Bachelor of Commerce (Option in Human Resource Management)

Co-operative education is available with this program.

The French immersion stream is available with the Honours Bachelor of Commerce. The MSc in Management program is offered in English only.

Please note that all of the HR option courses have been accredited by the HRPAO as contributing academic credits toward the CHRP designation.

Optional courses

9 optional course units in administration (ADM) ¹

Electives

15 elective course units from another faculty ²

15 elective course units

Total: 102 Units

Note(s)

¹ ADM 4337 is recommended as part of your elective course units in administration (ADM).

² A maximum of 6 course units at the 1000 level can count towards this requirement.
Human Resources Management Option Courses
ADM 3333  Staffing Organizations  3 Units
ADM 3334  Industrial Relations  3 Units
ADM 3337  Compensation Administration  3 Units
ADM 4336  Occupational Health and Safety  3 Units
ADM 4338  International Training and Development for Sustainability  3 Units
ADM 4339  Strategic Human Resources Planning  3 Units
Total: 18 Units

Master of Science in Management (Research Project)
Compulsory Courses
MGT 5200  Foundations for Quantitative Methods  3 Units
MGT 5300  Foundations of Management  3 Units
Concentration Courses
18 course units from the chosen concentration  18 Units
Seminar
MGT 6191  Management Research Seminar Series  3 Units
Research Project
MGT 6997  M.Sc. Research Project  6 Units
Total: 30 Units

MSc list of concentrations
Business Analytics
MGT 5101  Multivariate Research Methods  3 Units
MGT 5301  Predictive analytics  3 Units
MGT 5302  Decision analytics  3 Units
MGT 5303  Management analytics and case studies  3 Units
6 course units from:  6 Units
  MGT 7108  Optimization and Modeling
Elective course from another concentration
Marketing & Behavioral Science
MGT 5100  Research Design Methodologies and the Conduct of Research  3 Units
MGT 5304  Generating marketing Insights  3 Units

3 course units from:  3 Units
  MGT 5101  Multivariate Research Methods
  MGT 5102  Qualitative Research Methods
3 course units from:  3 Units
  MGT 5301  Predictive analytics
  MGT 5306  Recent topics in marketing
3 course units from:  3 Units
  MGT 5101  Multivariate Research Methods
  MGT 5102  Qualitative Research Methods
Elective course from another concentration or another faculty
Entrepreneurship
MGT 5100  Research Design Methodologies and the Conduct of Research  3 Units
3 course units from:  3 Units
  MGT 5101  Multivariate Research Methods
  MGT 5102  Qualitative Research Methods
  MGT 5104  Theoretical Entrepreneurship Research
One of the Innovation Management concentration courses
Innovation Management
MGT 5100  Research Design Methodologies and the Conduct of Research  3 Units
MGT 6191  Management Research Seminar Series  3 Units
9 course units from:  9 Units
  MGT 5101  Multivariate Research Methods
  MGT 5102  Qualitative Research Methods
  MGT 5104  Theoretical Entrepreneurship Research
Finance
MGT 6120  Investment and Portfolio Management  3 Units
MGT 6129  Financial Accounting and Reporting  3 Units
12 course units from:  12 Units
  MGT 5101  Multivariate Research Methods
  MGT 5104  Theoretical Entrepreneurship Research
  MGT 6102  Financial Risk Management and Derivative Securities
  MGT 6111  Venture Capital and Private Equity
  MGT 6160  Systems of Innovation
  MGT 6169  Recent Topics in Innovation Management
Accounting
MGT 5100  Research Design Methodologies and the Conduct of Research  3 Units
MGT 5102  Qualitative Research Methods  3 Units
MGT 6126  Introduction to Qualitative and Experimental Research in Accounting  3 Units
MGT 6127  Sustainability Accounting and Control  3 Units
MGT 6128  Introduction to Accounting Research: Special Topics and New Developments  3 Units
MGT 8101  Financial Accounting and Reporting  3 Units
Organizational Behaviour and Human Resources
MGT 5100  Research Design Methodologies and the Conduct of Research  3 Units
MGT 5102  Qualitative Research Methods  3 Units
MGT 6130  Evidence-Based HROB Interventions  3 Units
MGT 6131  Current Trends in HROB  3 Units
MGT 8113  Fundamentals of Human Resources Management  3 Units
3 course units from:  3 Units
  MGT 5101  Multivariate Research Methods
MGT 5102 Qualitative Research Methods
Elective course from another concentration  3 Units

Note(s)
1 Students must attend at least 4 seminars during their studies.
2 MGT 7108 can be replace by an elective course from another concentration or another faculty.
3 This requirement may be fulfilled by MGT 5101, MGT 5102 or a course in another concentration or another faculty.

Specific requirements for the master's program
Research Project
The Research Project (RP) is a capstone program component that requires students to conduct applied research with a partnering organization or as part of a Telfer faculty member’s on-going research project. Students must show the ability to work independently (analysis and report writing) and apply knowledge gained in the MSc seminars to a well-defined practical problem. It is not required that the RP makes an original contribution to scholarly literature. Students are discouraged from collecting primary (original) data from human participants given the time taken to receive ethics approval and the short time frame given to complete the RP (3-4 months).

The RP can be theoretical, such as a literature review in which the student demonstrates how the existing academic literature can provide practical insight into a specific problem. It can also be empirical by using primary data (previously collected by a supervising faculty member) or secondary data (e.g., publicly accessible databases; results reported in published or unpublished research papers) to answer relatively simple research questions. Examples could be a replication of previously published research and a focused meta-analysis. Given the program’s focus on facilitating evidence-based practice, the RP’s central aim is giving students the opportunity to use their advanced research skills for informing practice within one organization or several organizations dealing with the same problem.

RP topics must be approved by the Telfer faculty member(s) responsible for coordinating RPs in the students’ concentration. The completed RPs will be evaluated (pass/fail) by the same faculty member(s).

Co-op Option
The co-op option is only available to students enrolled in the research project option.

Co-op students must enroll full-time and complete two work terms:
- ADM 6001
- ADM 6002

Management Research Seminar Series
Students must enroll continuously in Management Research Seminar Series (MGT 6191) from the beginning of their program and must attend at least four seminars in the series if they are in the one-year or CO-OP project-based options, and at least six seminars in the series if they are in the two-year thesis-based option. The notation "CTN" (for continuing activity) will be entered for each term until successful completion of the seminar requirements. The program director will confirm attendance and active participation.

Duration of Program
The one-year with Research Project option can be completed in three terms or approximately 12 months. The maximum time allowed for completion of this option is two years.

The CO-OP with Research Project option can be completed in either five or six terms (approximately 20 or 24 months). Students preferring to complete this option in five terms are encouraged to take more than two courses during the first winter term. Also, completion within five terms requires that students get approval for their project’s topic and scope by the end of the second fall term. The maximum time allowed for completion of this option is four years.

The two-year with thesis option can be completed in six terms or approximately 24 months but can also be more quickly. The maximum time allowed for completion of this option is four years.
