HONOURS BACHELOR OF COMMERCE (OPTION IN MANAGEMENT) (COMPLEMENTARY OPTION IN ENTREPRENEURSHIP)

The option in management is designed to provide students with general management skills while balancing practical and analytical concerns in the search for improvements to the decision-making process. It emphasizes creativity, innovation and the ability to generate project ideas, to evaluate them and to bring them to fruition.

This program is offered in English and in French.

Bachelor of Commerce and Master of Science Management (Research Project) Pathway

This exciting integrated accelerated bachelor’s/master’s program allows students to earn two degrees in five years. Designed for students with a strong academic record and a keen interest in conducting business research, this integrated program enables select undergraduate students to get a jump-start in their project-based master’s program by completing two graduate courses during their last year of the undergraduate degree, and starting their research project in a familiar environment over the summer bridge term between the bachelor’s and master’s programs. This integrated program focuses on empowering students to develop their business acumen and research skills in a specialized field of study, and to contribute towards smarter decisions about policy and practice in creating a better Canada.
