HONOURS BACHELOR OF COMMERCE (OPTION IN MARKETING) (COMPLEMENTARY OPTION IN ENTREPRENEURSHIP)

Our marketing program is designed to teach how and why people and organizations purchase and consume goods and services. Marketing is a system of interacting business and organizational activities designed to plan, develop, price, promote and distribute products and services. The study of marketing concepts has expanded to include an understanding of the environment in which buyers and sellers operate. Recent applications of marketing to formerly unrelated activities, such as political elections and promoting government programs and agencies, are introduced in more advanced courses for analysis and discussion. As a result of the increased breadth of marketing and the complexity and size of the decisions to be made, marketing requires a good knowledge of both the quantitative and the qualitative concepts, models, theories and techniques of the other areas taught at the Telfer School of Management.

This program is offered in English and in French.
