HONOURS BSC BIOMEDICAL SCIENCE (RESEARCH FOCUS) - BIOSTATISTICS OPTION

Biomedical Science is an interdisciplinary program that focuses on the fundamentals of human structure and function, as well as those of other animals. The first two years provide a background in human anatomy and psychology, in addition to more in-depth knowledge in basic sciences like biology, chemistry, biochemistry, and mathematics. At the end of second year, in addition to courses in biology and biochemistry, students may choose to enter an option within the biomedical sciences program (Neuroscience, Cellular and Molecular Medicine, Bioanalytical Science, Medicinal Chemistry or Biostatistics). The Research Focus is ideal for students thinking of a career in research, as it consists of an immersive research experience in the third and fourth years that will equip students with advanced research, analysis and communication skills applicable to diverse careers. On graduation, they will be ready for more advanced research training or for admission to a professional program in human health.

Admission to this program is competitive and higher averages are required.

This program is offered in English and in French.

Program Requirements

The French immersion stream is available with this program.

Requirements for this program have been modified. Please consult the 2023-2024 calendars (http://catalogue.uottawa.ca/en/archives/) for the previous requirements.

Basic Skills
3 optional course units in English (ENG) at the 1000 or 2000 level, excluding ENG 1112 and ENG 1131

Compulsory Courses at the 1000 level

Optional Courses

3 course units from:

- PSY 1102 Introduction to Psychology: Applications
- PSY 2114 Lifespan Psychology

3 course units from:

- BCH 3356 Molecular Biology Laboratory
- BIO 3151 Molecular Biology Laboratory

12 optional course units from the list of optional courses 12 Units

3 optional course units at the 3000 or 4000 level offered by the Faculty of Science 3 Units

Elective Courses

9 elective course units 9 Units

Total: 120 Units

Note(s)
1

The following courses are considered as science courses: MIC 4100, MIC 4124, MIC 4125, MIC 4126, PHA 4107, PHS 3300, PHS 3341, PHS 3342, PHS 4336.

2

The course SCI 3101 is considered a science optional course.
