**Honours BSc in Human Kinetics**

The Honours Bachelor of Science in Human Kinetics emphasizes the biophysical sciences of human kinetics, with a focus on the role that biological, anatomical, musculoskeletal, and neuro-motor systems have on motor performance, and the impact of sport and physical activity on the body. It provides the knowledge, skills and techniques required for you to play a leading role in developing and implementing evidence-based approaches that maintain and improve human movement, and lead to positive health outcomes for different populations in a variety of settings. While the program focuses on disciplines such as anatomy, biomechanics, exercise physiology, motor control and psychomotor behaviour, it also provides an understanding of how the social sciences contribute to human movement and performance. Students have the opportunity to do experiential education internships in a community venue, or do a research project supervised by faculty. This degree can lead to admission to graduate studies in human kinetics and advanced degrees in allied health and rehabilitation sciences such as physiotherapy and occupational therapy, medicine, or chiropractic studies. Potential additional certifications: College of Kinesiologists of Ontario (Registered Kinesiologist), Canadian Society for Exercise Physiology (Certified Personal Trainer, Certified Exercise Physiologist).

This program is offered in English and in French.

## Program Requirements

The French immersion is available with this program.

Requirements for this program have been modified. Please consult the 2018-2019 calendars (http://catalogue.uottawa.ca/en/archives) for the previous requirements.

### Compulsory Courses at the 1000 Level

<table>
<thead>
<tr>

### Optional Courses

- 3 course units from:
  - ENG 1100 Workshop in Essay Writing
  - ENG 1112 Technical Report Writing
  - 3 Units
- 3 course units from:
  - ANP 1107 Human Anatomy and Physiology III
  - BIO 2110 Environmental Physiology
  - BIO 2133 Genetics
  - 3 Units
- 6 course units from:
  - APA 1122 Physical Activity in a Global Health Perspective
  - APA 1302 Sociology of Sport and Physical Activity in Canada
  - LSR 1100 Introduction to Leisure Studies
  - APA 2134 Administration of Leisure, Sport and Physical Activity Services
  - APA 2302 History of Sport and Physical Activity in Canada
  - 6 Units
- 6 course units from:
  - APA 4200 Research Project
  - APA 4211 Internship/Clinical Experience
  - 6 Units
- 21 optional course units at the 3000 or 4000 level from the list of optional courses
- 21 Units

### Elective Courses

- 33 elective course units
- or 3 elective course units and a minor

Total: 120 Units

### List of Optional Courses

- APA 3111 Intervention Observation and Experimentation 3 Units
- APA 3113 Management of Sporting Events and Festivals 3 Units
- APA 3114 Exercise Physiology II 3 Units
- APA 3118 Recreation, Sport and Community Development 3 Units
- APA 3119 Coaching Training Methods 3 Units
- APA 3121 Human Motor Skill Development 3 Units
- APA 3122 Physical Activity and Health 3 Units
- APA 3123 Hockey and Canadian Culture 3 Units
- APA 3124 Diet and Physical Activity 3 Units
- APA 3125 Prevention and Care of Athletic Injuries 3 Units
- APA 3130 Motor Performance and Aging 3 Units
- APA 3131 Physical Ergonomics 3 Units
- APA 3142 Sociology of Health and Physical Activity in Canada 3 Units
- APA 3146 Sport and Recreation Marketing 3 Units
- APA 3150 Neural Control of Human Movement 3 Units
- APA 3301 Ethics in Sport, Physical Activity and Health in Canada 3 Units
- APA 3311 Musculoskeletal Biomechanics 3 Units
- APA 3324 Techniques and Strategies in Sport 3 Units
- APA 3325 Fitness Training Principles 3 Units

### Anthropology of Sport and Leisure
- **APA 4101**
  - Anthropology of Sport and Leisure
  - 3 Units

### Political Economy of Sport and Physical Activity
- **APA 4112**
  - Political Economy of Sport and Physical Activity
