

HONOURS BSOCSC CONFLICT STUDIES AND HUMAN RIGHTS

The international community has, for several decades, sought to prevent and end conflict while helping to build sustainable peace. Where has it succeeded and how, and why does it fail elsewhere?

Our program explores the causes and consequences of the many armed conflicts that persist around the world and brings you to objectively reflect on issues such as human rights, war, peace, international security and much more.

If you're interested in understanding the fascinating complexity of conflict studies and human rights, this program is the perfect fit for you!

This program is offered in English and in French.
