HONOURS BSOCSC IN ENVIRONMENTAL ECONOMICS AND PUBLIC POLICY

Environmental issues fill the headlines — climate change, the oil sands, species loss, to name but a few. Is it possible to grow the economy and protect the environment at the same time? Is our current economic path sustainable? The Honours Bachelor in Environmental Economics and Public Policy provides students with a multidisciplinary understanding of the environment, the economy and the interaction between the two. The program includes a CO-OP option, and students may also undertake a research internship in the public or non-profit sector in fourth year. All students undertake original policy research in a capstone course in either environmental or natural resource economics. The program opens doors to careers in environment-economy policy development and analysis in the public, private and non-profit sectors.

This program is offered in English and in French.

Program Requirements

Co-operative education is available with this program.

The French immersion is available with this program.

Requirements for this program have been modified. Please consult the 2015-2016 calendars (http://www.uottawa.ca/academic/info/regist/1516/calendars) for the previous requirements.

ENG 1100 Workshop in Essay Writing 3 Units
3 course units from:
   ENG 1120 Literature and Composition I: Prose Fiction 3 Units
   ENG 1121 Literature and Composition II: Drama and Poetry 3 Units
   ECO 1102 Introduction to Macroeconomics 3 Units
   ECO 1104 Introduction to Microeconomics 3 Units
3 course units from:
   MAT 1300 Mathematical Methods I
   MAT 1308 Introduction to Calculus
3 course units from:
