MINOR IN ENTREPRENEURSHIP

Overview
The Entrepreneurship Minor aims to create a more entrepreneurial graduate who will be equipped to choose the path of traditional start-up, social enterprise or apply their skills to positively impact existing companies and organizations with their entrepreneurial skills.

These new life skills and the methods of instilling them are important for all students, not just those who have start-up aspirations. The program’s flexible and experiential nature lends well to providing our next generation of leaders with skills for the future.

The blend of prescriptive entrepreneurship courses with an opportunity to partially customize the program with numerous in and out of faculty electives puts emphasis on the students’ learning experiences.

This program is offered in English and in French.

Program Requirements
The table below includes only discipline-specific courses. Please refer to the Academic Regulations (https://www.uottawa.ca/about-us/policies-regulations/academic-regulations/b-2-program-studies/) for information on including a minor to your degree.
