ENTREPRENEURSHIP, CREATIVITY AND SOCIAL INNOVATION OPTION

The Entrepreneurship, Creativity and Social Innovation option was thoughtfully crafted to cater to our makers, shakers and risk takers!

You have a curious mind and an entrepreneurial spirit? Turn your creative aspirations into tangible realities and embark on your business journey! Our proposed sequence will deliver a balance between theory and practice through meaningful learning opportunities, coupled with valuable resources and support for you as a future entrepreneur. You will learn ways in which creativity and entrepreneurship can be blended together to create exciting opportunities.

This 18 course-unit option can be integrated into most of the BA and BSc programs of the Faculty of Arts for those looking to turn their passion into purpose, and to shape their future and our community.

What is a Transdisciplinary option?

Transdisciplinary options are microcredentials that allow you to tailor your degree and develop competencies outside of your Honours BA, Major or Minor. These thematic microcredentials range from 9 to 18 course units and can be taken from your electives. Options can be added to most of the B.A. and B.Sc. programs at the Faculty of Arts and the name of the option will appear on your transcript. Adding one or several options to your degree allows you to be the architect of your degree and develop additional competencies beyond your fields of study.
