ENG 7900 Second Language Requirement

In keeping with the bilingual character of the University, the PhD program has a French language requirement. Students may satisfy this requirement by passing FLS 1000, the test administered by the Official Languages and Bilingualism Institute, or the departmental language test. The departmental tests are one-hour examinations which require the candidate to translate, with the aid of a dictionary, a passage of literary criticism or another appropriate selection of similar difficulty approximately one page in length. Language testing of languages other than French is normally administered by the Department. Students may also satisfy the language requirement by passing six units of second-year university-level language course(s). These courses are additional to the 18 units required for the degree. In all cases, the minimum passing grade is 66% and leads to an S (Satisfactory) on the transcript for ENG 7900. NOTE: Students who achieve 65% or higher at the MA level will not be required to retake the test if they continue on to the PhD.
