RADIOLOGIE (RAD)

RAD 6101 X-Ray Physics (1 unit)
Course Component: Lecture

RAD 6102 Image Recording (1 unit)
Course Component: Lecture

RAD 6103 Radiobiology and Protection (1 unit)
Course Component: Lecture

RAD 6104 Applied Physics Pertaining to X-Ray Apparatus and Film Processing (1 unit)
Course Component: Lecture
Applied physics pertaining to X-Ray apparatus and film processing.

RAD 6301 Clinical Radiology (2 units)
Paediatric Radiology; seminars are conducted covering selected topics in paediatrics radiology.
Course Component: Lecture

RAD 6302 Clinical Radiology (2 units)
Radiology seminars are conducted covering selected topics in General Radiology.
Course Component: Lecture
